

# MEP Y8 Intensive Learning Trip Shanghai 2019

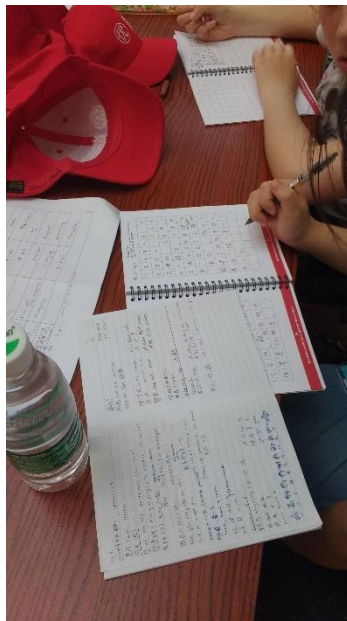

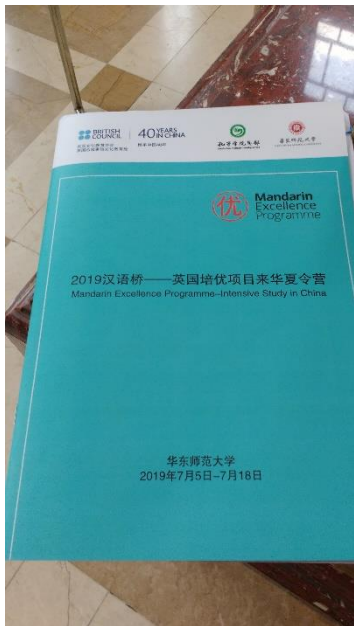

## Materials

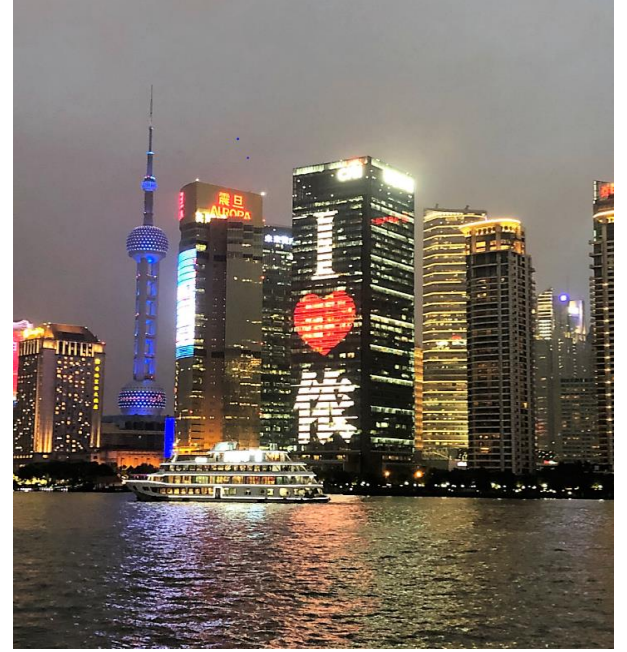

We were given a programme of activities, and also a ring-bound diary with lots of helpful tips to help us write in Chinese about the activities.

## Daily lessons

Every day we had lessons with our Chinese teachers on campus which prepared us for the afternoon's activities.

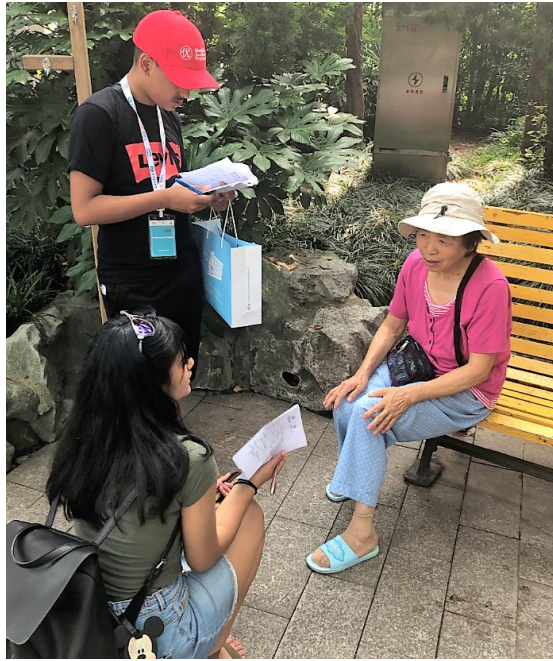

### **Pearl Orient Tower**

We went up this amazing space-age building and stood on the glass platform to look down at the city below our feet.

### **Huang Pu River Cruise**

We did a tour of the Huang Pu river at night on a luxury liner.

## Shanghai Zoo

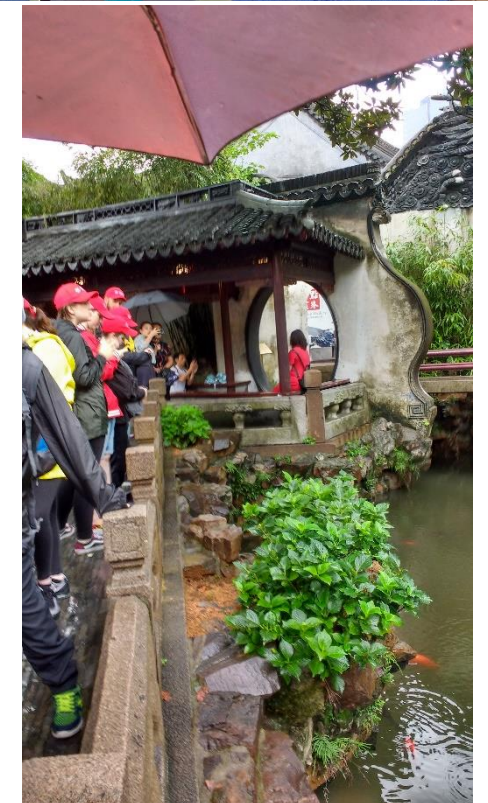

### 上海动物园

We went to Shanghai Zoo and saw pandas (as well as lots of other animals)!

## Chang Feng Park

We went to the local park with our Chinese school friends and our Chinese student helpers and interviewed members of the public in Chinese!

### Yu Gardens 豫园

This beautiful place is called the Yu Gardens. It was built by a Chinese scholar for his parents. There were carp, turtles and other wildlife in the ponds.
