Ski Trip to Folgaria, Italy: Friday 12th February - Saturday 20<sup>th</sup> February 2010

Half term started with 42 of Finhams' finest starting their voyage to Italy for 9 days of skiing and après ski adventure. Between the staff and students all standards of skiing were covered from absolute beginners to intermediate and advanced- each group had their own instructor and everybody improved their technique and some even moved up a group! With the day full of skiing and bum boarding in lunch everyone was always grateful for a hot shower and a chillout before the evening entertainment- which was sensational! The whole week was enjoyed by both staff and students with Finhams outstanding reputation only growing and flourishing from the students' excellent manners and behaviour on and off the piste, which was recognised and commented on by all who interacted with them.

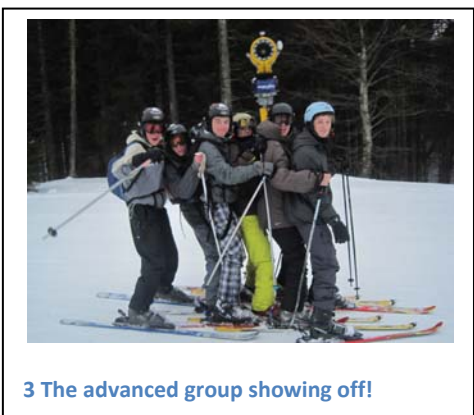

Thank you to all the students, staff, coach drivers, instructors and everybody who made this trip possible- it was such a fantastic trip and I'm just looking forward to doing it all over again next year in Austria 2011!!! Bring it on!
